BHOOMI – Land Access to Poor

Possession of land is not just economics. It is a symbol of dignity. It is self-respect, it is politics, it is power.

PSCNotes free sample: first 5 of 39 pages. Full PDF at pscnotes.com

So government of AP has been working in two direction to fulfil land needs of poor. One is *land purchase* i.e. securing the poor access to land through facilitating purchase of good quality irrigated lands and the other is *land access*- facilitating the poor in convergence with the revenue deptt. To have control over their lands in terms of having secure titles.

Community Managed Sustainable Agriculture

The primary mission is to improve the annual incomes of farmers in rain fed areas in particular and agriculture in general with integrated farming systems. The CMSA is for developing new tools and equipment for reducing drudgery to women farmers, for establishing village level infrastructure for supply of these tools, for upgrading women farmer's knowledge in eco-friendly farming technologies, for organising capacity building programmes with new training content and improved methods. For managing revolving fund for decentralized extension system leading to multiple livelihood options for the communities to be managed by them on their own.

KRuSHE

KRuSHE wing under SERP has been incepted to promote entrepreneurship in farm and non-farm livelihoods among the members of rural SHG households with focus on POP on saturation basis and to engage each household in an entrepreneurial activity for drought proofing the rural household.

For restoring the traditional arts and crafts of AP, KRuSHE is an attempt to link numerous artisans, craftsmen and rural producers of the state to remunerative markets. The objective is that the artisans et the correct worth for her produce and there is a substantial increase in the income of the artisan.

UNNATHI

The objective of UNNATHI is to enable every poorest of poor family in the state to come out of poverty with increased and sustainable livelihood opportunities
